Subject: RE: BOH agenda request

Hi David,

As you requested, here is a summary of the two points that we discussed on the phone relative to the recent cancer incidence report that we completed for Saugus.

1. This was a routine evaluation of background cancer incidence rates in Saugus using data from the Massachusetts Cancer Registry (MCR). We receive many requests like this throughout the Commonwealth and follow a protocol to evaluate the incidence of cancer within a community.
2. The report did not include an evaluation of the Wheelabrator facility itself.

Feel free to let me know if you have any additional questions.

Thanks,
Brenda

Brenda,

Attached is the agenda for the Saugus Board of Health meeting on Monday, April 11th. The cancer incidence report is not a separate agenda item but will be discussed as part of the Wheelabrator monthly update to the board. Let me know if you need anything else.

David

Hi David,

As a quick follow-up, I will be out of the office tomorrow but please go ahead and send the agenda anyway. I'm not certain if I will be able to attend on Monday yet or not but I could, at the least, discuss any concerns or questions that you may have on Thursday or after the meeting.

Thanks,
Brenda

Hi David,

As we discussed, please forward along the agenda for the upcoming BOH meeting to me when it becomes available.

Thanks,
Brenda
